

# TheCacheClip by Delta 2 Alpha. The best way to Secure your cash!

**An exclusive offer for Red Team Development group members!**

It isn't just when you're traveling through some third world market that keeps your head on a swivel looking for next scumbag bag that wants to rob you of your cash and credit cards.... the threats are real and right here at home.

The best defence is to keep low profile with TheCacheClip from Delta 2 Alpha Design.

No more tell tale telegraphing or printing of your over stuffed wallet showing through your

TheCacheClip is in full concealment mode clipped to the inside of Ace Johnson's waistband.

Unfortunately the photo doesn't capture the true elegance of the crystal smooth finish of the carbon fiber.

pocket screaming at the bad guys "Come rob me!"

Measuring a mere 9 centimeters long by 3 cm wide and 1.35cm thick features not one, but two carbon fiber retention clips mounted securely to the carbon fiber main frame. These clips give you the option of carrying you cash and cards in a pocket or clipped low profile to your waist band.

Unlike a conventional metal money clip TheCacheClip in carbon fiber is ultra lightweight, coming in at paltry 40 grams, making it comfortable to carry as well.

Keep your cards and cash safe under a very low profile.
