

# Discover the versatility of our genuine MidEast Shemagh.

Our buyers searched high and low in the mid east for this quality manufacturer of the middle eastern head scarf known as a Shemagh. (Also known by some as the baghdad bandana.) We tried many before we settled on this one. Our 100 % cotton scarf measures approximately a full meter square (40 inches by 40 inches)! It can be hand or machine washed (gentle cycle) for convenient care when on the go or at home.

The Shemagh is popular due to its legendary multitude of uses:

A fashion item.

A first aid Kravat.

Various headwear styles that can incorporate

head, neck and face protection.

A neck scarf.

A face mask.

A strainer of various light liquids such as water and gasoline.

And many more...let your imagination run with it!

Order the D2A, MidEast Shemagh
